Jorgen has a lot of experience in all phases of CE-Marking. Performed a lot of tasks for different companies in various industries through many years. With his CE-competences, electrical background and TÜV certificate, he is a true specialist. In his hands you will get there.

At Bowitek Jorgen is the “Safexpert™ Certified” second line supporter. When things get complicated Jorgen is brought in. Furthermore Jorgen is the Safexpert™ certified” trainer. Educating people using the certified Safexpert™ material. Jorgen also runs the basic CE-Marking course.

With his up-to-date skills and the streamlined Safexpert™ setup in Bowitek, Jorgen is able to complete CE-Markings faster and at a higher level than normally. Full use of hazard templates, predefined measure modules, standards with built-in cross-references and structured projects makes it possible.
